

AP World History Summer Assignment

Students must purchase AP World History Crash Course Guide at this site or any other book site:

<http://www.amazon.com/History-Course-Online-Advanced-Placement/dp/0738606960>

There is also a pdf version online at this site , however there are other sites to get it from:

<http://www.greenbookee.com/ap-world-history-crash-course/>

I prefer students to have a book quizzes can be hard but some I allow the book to be used.

Assignments:

Read the book over the summer it is our text book...

Keep a spiral note journal-notes for each chapter. I suggest a 5 subject notebook just for the summer assignment.

-notes must be hand written – will be used on the AP Summer Exam when we come back to school the first week and turned in worth 2 test grades.

Also on youtube watch Crash Course Videos #1-10 and take notes at least 1 full page front and back:
