Dear Parents,

Your student has decided to participate as a Powder Puff Pep cheerleader representing their grade. Our expectation is that their routine will be fun, full of energy and will most importantly meet school wide expectations for appropriate behavior. Students may not remove clothing, must not bring any props that have not been pre-approved and may not engage in any behavior that would be considered lewd or disrespectful. The music should be approved by their class sponsor. They have been asked to pre-record the dance to be approved by their class sponsor by Wednesday, October 3rd. Should the group decide to add in or change the dance and participate in any inappropriate behavior, interventions will be put in place immediately. Interventions may include “loss of privileges” (meaning they may not attend the football game or dance) or suspension. Please talk with your student about your expectations and the importance of being role models for the underclassmen.

We know that our amazing students will put on a fun and appropriate show at the pep rally and I expect there will be no issues!

Please sign and return this form by Wednesday, September 26, 2018 to allow participation in this activity!
